PHC committed to ensuring access to care as contract with Dignity Health ends on January 31, 2020

Statement from PHC CEO Elizabeth Gibboney -

“At this time, approximately 23,000 Partnership HealthPlan of California members receive care from Dignity Health providers in Shasta, Siskiyou, and Yolo counties.

“Partnership continues to have discussions with Dignity, and we are hopeful that we will soon be able to reach an agreement that best serves our members and communities.

“Partnership members can continue to receive care from any Dignity provider through the end of January. If we are unable to reach an agreement before February 1, we may be able to arrange for members, in some instances, to keep seeing their current doctor until treatment is completed. We want to ensure that all Partnership members have access to care and encourage them to call our Member Services team at (800) 863-4155 to discuss their specific needs.”
