Healthy Kids

Provider Notice: #HK0012

Subject: NPI and Medi-Cal Provider Number used on Healthy Kids Claim Forms

Effective immediately, when billing PHC Healthy Kids program, please use both the NPI number, if available and your Medi-Cal provider number. PHC encourages the continued use of the Medi-Cal provider number with the NPI number for proper adjudication of your claims until Medi-Cal completely changes to the NPI 11/26/07.

Also, remember to report your NPI information to the PHC Provider Relations department so that the information can be set up for future claims processing. Claims received with only an NPI and there is no NPI information on file with the PHC Provider Relations department will be returned to you.
