Healthy Kids

Important Provider Notice: #0021

Subject: NPI Numbers on Claims Submissions

Effective on or after 5/1/08, claims received by PHC without the required NPI number will be rejected and returned to the provider. Providers may continue to bill with the Medi-Cal number in conjunction with the NPI number, but the NPI number *will be* required.

If you have not yet provided the PHC Provider Relations Department with your NPI information, please contact them at (707) 863-4100 as soon as possible.
