Important Provider Notice: #0058

Subject: CMSP – Notice of Last Check Run Scheduled

CMSP Provider,

The Solano County CMSP pilot project ended on 9/30/05. The PHC six month billing limit for the CMSP pilot project expired on March 31, 2006 for claims with dates of service on or before 9/30/05. PHC notified all CMSP providers on March 21, 2006 in Important Provider Notice #0054, that PHC would move to a monthly CMSP check run to accommodate any outstanding claims that may be exceptions to the six month billing limit. The dates of the monthly check runs were listed in that notice.

This notice is to inform you that October 13, 2006 will be the cut off date for the last CMSP check run that PHC will generate for all outstanding CMSP issues. The last PHC CMSP check run will be generated on 10/19/06 for mailing on 10/20/06.

All claims received on or after 10/13/06, will be returned to you.
