Managing Pain Safely Forum II

This is an opportunity for providers, prescribers and health care professionals to learn how others in our communities are managing to balance the use of opioids for healing, while avoiding harm.

The forum features a full schedule of topics, addressing many aspects of opioid use, including:

- **History of Opioids in Medicine**
- **Integrated clinics as a best practice**
- **Substance Abuse Treatment for PCP**
- **Diversion**
- **Behavioral Health in Substance Abuse Patients**

FRIDAY, JANUARY 15, 2016
