

Del Norte County Children's Health Profile

Medical Director Forum
May 21st, 2021

About this Profile

- As health care professionals, we know social and economic factors dramatically impact health. In this Report, we focus on the health and social well-being of children in our local communities. Data is displayed from Partnership HealthPlan, ChildrenNow reports and Robert Wood Johnson (RWJ) County Health Ranking to create an overall profile of the health of our children.

Partnership HealthPlan Data

(for PHC members only):

- Enrollment and ethnicity by county
- 2020 QIP outcomes by county and ethnicity
- Blood lead screening by county & PCP site
- Behavioral health use rates
- ACEs Screenings by county
- Developmental Screenings by county

ChildrenNow & RWJ County Health Rankings

(for all children in the county):

- Perinatal health factors
- Income, poverty and food security
- Well child health metrics
- Elementary and high school outcomes
- Student mental health factors

Partnership HealthPlan

Del Norte County Teen Births by Ethnicity

Let's look at teen births in our community

Number of births per 1,000 female population ages 15-19.

The 2021 County Health Rankings used data from 2013-2019 for this measure.

Map | [Data](#) | [Description](#) | [Data Source](#) | [Strategies](#)

Del Norte County Teen Births by Ethnicity (2013-2019)

	Value	Error Margin
Teen Birth Rate	38	33-44
American Indian & Alaska Native	48	31-70
Asian	42	22-72
Hispanic	33	23-45
White	38	31-46

Highlights

- Del Norte County teen birth rate of 38/1000 is more than double the State average of 17/1000
- Looking at births by ethnicity, American Indian & Alaska Natives and Asian women are above the County average
- New annual adolescent well visits are an opportunity to address teen birth preventative measures.
