How to use this list:

1. Pick two primary care providers (PCPs). One will be your first choice and the other will be your second choice. We ask you to pick a second choice in case your first choice is not available.

2. Write the names and the provider numbers of the primary care providers that you picked on the enclosed Primary Care Provider Selection Form. Call our Members Services Department to make sure the doctor or medical group is available.

3. Return the Primary Care Selection Form to PHC using the enclosed postage paid return envelope.

4. You can access some Medi-Cal benefits without an authorization from your PCP. Please refer to your Member Handbook or call the PHC Member Services Department for more information about these services.

5. Some hospitals and/or primary care providers may not provide one or more of the following services that are covered benefits: family planning contraceptive services, including emergency contraception; sterilization, including tubal ligation or abortion. You can obtain more information about these services before you choose your PCP by calling your prospective primary care provider or by calling the PHC’s Member Services Department at (800) 863-4155. TTY Users: Call the California Relay Service at (800) 735-2929 or call 711.

6. Members are encouraged to pick a Primary Care Provider (PCP) that is closest to their home. However, members can choose any PCP in their County that is available in this Provider Directory.

7. The telephone number listed under each site in this directory is the same number to call after normal business hours.

If you need help filling out the Primary Care Selection Form or if you have any questions about choosing a primary care provider, please call our Member Services Department at (800) 863-4155. TTY Users: Call the California Relay Service at (800) 735-2929 or call 711.

Your PCP will give you a referral to send you to a specialist if you need one. A specialist is a doctor who has extra education in one area of medicine. Your PCP will work with you to choose a specialist.

For some types of care, your PCP or specialist will need to ask for approval before you get the care. This is called prior authorization or pre-approval. It means that PHC agrees that the care is medically necessary.

If you have any questions concerning handicapped accessibility, please call our Member Services Department at (800) 863-4155. TTY Users: Call the California Relay Service at (800) 735-2929 or call 711.

Accessibility Standards for Seniors and Persons with Disabilities

This directory now lists codes to define “accessibility” standards. These standards are meant to help seniors and persons with disabilities. The intent is that members can get in and around offices safely and without help from others. These codes are not yet listed for all providers. If you do not see these codes listed under a certain provider’s name, just call the office. You can ask if they have the type of access that you need.

Levels of Access

Basic Access
The office meets the standards below for parking, interior and exterior building, exam rooms, and restrooms (P, EB, IB, R, and E).

Limited Access
The office does not meet one or more of the standards below for parking, interior and exterior building, exam rooms, and restrooms (P, EB, IB, R, and E).

Medical Equipment Access
The office meets the standard below for exam tables and scales (T).

Accessibility Codes

_wheelchair accessible
P = Parking
Accessible parking spaces, including van accessible spaces(s), are present. Pathways have curb ramps between the parking lot, office, and at drop off areas.

EB = Exterior Building
Curb ramps and other ramps to the building are not too long. Ramps are wide enough for a wheelchair or scooter. Handrails are on both sides of the ramp. There is an "accessible" entrance to the building. Doors open wide enough for a wheelchair or scooter, and have handles that are easy to use.

IB = Interior Building
Pathways are wide enough for a wheelchair or scooter. Stairs, if present, have handrails. If there is an elevator, it can be used at all times the building is open. The elevator has easy to hear sounds and Braille buttons within reach. The elevator has enough room for a wheelchair or scooter to turn around. If there is a platform lift, it can be used without help.

R = Restroom
The restroom doors are wide enough for a wheelchair or scooter. The restroom has enough room for a wheelchair or scooter to turn around and close the door. There are grab bars which allow easy transfer from wheelchair to toilet. The sink is easy to get to and the faucets, soap, and toilet paper are easy to reach and use.

E = Exam Room
The doors to the exam rooms open wide enough for a wheelchair or scooter. The exam room has enough room for a wheelchair or scooter to turn around.

T = Exam Table/Scale
The exam table moves up and down and has space next to it for a wheelchair or scooter. The weight scale can be used by patients with wheelchairs or scooters.
Normas de Accesibilidad para Personas Mayores y Personas con Discapacidades

Este directorio enumera los códigos para definir las normas de “accesibilidad”. Estas normas pretenden ayudar a personas mayores y a personas con discapacidades. La intención es que los miembros puedan entrar y desplazarse por las oficinas de manera segura y sin ayuda de otros. Estos códigos todavía no se encuentran enumerados para todos los proveedores. Si no ve estos códigos enumerados bajo el nombre de cierto proveedor, llame a la oficina del proveedor. Puede preguntar si tienen el tipo de acceso que usted necesita.

Niveles de acceso

Acceso básico
La oficina cumple con las normas de estacionamiento, interior y exterior del edificio, salas de examen y baños (P, EB, IB, R y E).

Acceso limitado
La oficina no cumple con una o más de las normas de estacionamiento, interior y exterior del edificio, salas de examen y baños (P, EB, IB, R y E).

Acceso de equipo médico
La oficina cumple con la norma para camillas de examen y Básculas (T).

Códigos de accesibilidad

= Accesible a silla de ruedas (Wheelchair Accessible)

P = Estacionamiento (Parking)
Espacios de estacionamiento accesible, incluyendo espacios accesibles para van, están presente. Las entradas tienen rampas de acceso en las aceras entre el estacionamiento, la oficina y las áreas para dejar a las personas.

EB = Exterior del edificio (Exterior Building)
Las rampas en las aceras y otras rampas hacia el edificio no son demasiado largas. Las rampas son suficientemente anchas para permitir el acceso de una silla de ruedas o un scooter. Los pasamanos se encuentran en ambos lados de la rampa. El edificio tiene una entrada “accesible”. La abertura de las puertas es suficientemente ancha como para permitir el acceso de una silla de ruedas o un scooter, y tienen agarres que son fáciles de usar.

IB = Interior del Edificio (Interior Building)
Los pasillos son lo suficientemente anchos como para una silla de ruedas o un scooter. Las escaleras, si las hay, tienen pasamanos. Si hay ascensor, puede usarse en todo momento en que el edificio esté abierto. El ascensor tiene sonidos fáciles de oír y botones Braille al alcance. El ascensor tiene espacio suficiente como para que una persona en silla de ruedas o scooter se dé vuelta. Si hay ascensor con plataforma, se puede usar sin ayuda.

R = Baño (Restroom)
Las puertas del baño son lo suficientemente anchas como para una silla de ruedas o un scooter. El baño tiene suficiente espacio para que una persona en silla de ruedas o scooter se dé vuelta y cierre la puerta. Hay pasamanos que permiten trasladarse fácilmente de la silla de ruedas al inodoro. Es fácil llegar al lavamanos, y las llaves, jabón y papel higiénico son fáciles de alcanzar y usar.
