

**PARTNERSHIP HEALTHPLAN OF CALIFORNIA
MEDI-CAL PROVIDER MANUAL
CLAIMS DEPARTMENT**

X.I. Laboratory Services

1. Partnership has a capitated contract with Quest to provide outpatient/office laboratory services for Partnership Medi-Cal members. The contract includes all collection/handling fees. Partnership Medi-Cal members should have their outpatient/office lab work done by Quest.
2. Partnership only pays applicable contracted provider enhancement to the professional component of lab services. If a lab code is billed with the professional and technical component combined on one service line, the Partnership system will automatically default to the flat Medi-Cal rate with no enhancement. To qualify for the enhancement, professional and technical components must be billed on separate lines.
3. Pre-admit lab testing should be sent to Quest.
4. Lab services for Woodland Medical Group and Kaiser members are the financial responsibility of Woodland Medical Group and Kaiser. Kaiser is capitated for all in-area or out-of-area services for their members. Kaiser capitation is end dated as of 12/31/23.
5. For Partnership contracted providers in Marin, Napa, Solano, Sonoma and Yolo counties regarding laboratory services capitated to Quest Labs.

Partnership HealthPlan of California is modifying billing rules for a few laboratory services. These changes were drafted by senior staff at Partnership and reviewed and approved by the Physician Advisory Committee. The intent of the changes are to improve efficiency and quality of care, balancing our responsibility to be stewards of the taxpayer resources by controlling costs.

This does not apply to Kaiser members or Woodland Medical group members seen at Woodland medical group. Kaiser capitation is end dated as of 12/31/23.

The following changes are effective for dates of service on or after the dates listed below.

Effective for dates of service on or after 7/1/12, laboratory codes 87804 (Rapid Influenza Test) and 87880 (Rapid Strep Test) are included in your primary care capitation. Claims submitted to Partnership with these codes will be reflected on your Partnership RA with an explanation code 24, payment for charges covered under cap agreement/managed care plan.

**PARTNERSHIP HEALTHPLAN OF CALIFORNIA
MEDI-CAL PROVIDER MANUAL
CLAIMS DEPARTMENT**

Effective for dates of service on or after 8/1/12, laboratory codes 81025 (Urine Pregnancy Test) and G0434 (Urine Toxicology Test) will be paid on a fee-for-service basis if billed by a primary care physician or specialist with a location code of 11 (office). Effective 10/1/16, G0434 is no longer a valid code. Effective for dates of service on or after 8/1/12, laboratory codes 80048 (BMP) and 85025 (CBC) will be paid fee-for-service if billed by a Hematologist or an Oncologist with a location code of 11 (office).

Partnership Stat Labs, Capitated Lab List, and Chemotherapy Labs

For our southern 5 counties, Quest is capitated to provide all laboratory services for our network, with certain exceptions:

1. Stat labs ordered between 3pm and 8am may be done at the local hospital (this was done because of the 4 hour turnaround guarantee that Quest has, and frequent issues at the end of the day).
2. The list of labs that may be ordered “Stat” is defined (see attachment)
3. Some in-office labs (defined) are paid FFS for primary care and specialists and outpatient surgery centers. Here is the list:
 - a. OB/GYN/CNM – 87210, 81000, 81001, 81015, 81025, and 87205
 - b. Dermatology – 87220, 87101, and 87210
 - c. Urology – 81000, 81015, 87086, 87087, 87088, 87184, 87205, and 87210
 - d. PCP/Specialists – 81025 and G0435, 80305, 80306
 - e. Specialists – 81000, 81002, 82948, and 85018
4. Some unusual labs are carved out, and are performed at any lab that will do them (e.g. many genetic tests). See PHC’s genetic testing policy for details.
5. Effective March 1, 2017, Hospital-associated laboratories may provide blood typing and other tests that need to be performed by blood banks. This includes the following CPT codes: 85660, 86022, 86644, 86850, 86880, 86900, 86901, 86904, 86920-23, 86945.
6. Pre-op labs performed by hospital outpatient departments (location code 22) and surgical centers (location code 24) do not need to be performed at Quest; the remarks section must include “Pre-op Lab”
7. Wet mounts (87210) are included in capitation for PCPs, and may be performed by any clinician.
8. Effective October 1, 2016 PHC contracted pain specialists may bill for the following urine toxicology tests when performed within their office: 80307 (in addition to 80305 or 80306, which is already covered for all outpatient clinicians).
9. Effective August 1, 2019, Lead testing (CPT: 83655) will be reimbursed when provided in the office setting or by public health laboratories, including in counties with Quest capitation.
10. Arterial blood tests are performed in the acute care setting (typically hospitals) although they can be performed through the respiratory therapy departments of

**PARTNERSHIP HEALTHPLAN OF CALIFORNIA
MEDI-CAL PROVIDER MANUAL
CLAIMS DEPARTMENT**

hospitals on an outpatient basis. These tests are not part of Quest capitation: 82800, 82803, 82805, 82810, 82820.

11. All tests for COVID (including PCR, Serology and any future tests) are not included in Quest capitation. These include: C9803 (lab specimen collection), 87635 (nucleic acid), 86318 (not specific to COVID single step), 86328 (single step), 86769 (multistep antibody)

Blood tests for chemotherapy

The following labs will be paid FFS if done in conjunction with preparation for a patient receiving chemotherapy, on the day of chemotherapy, (usual stat lab hours restrictions don't apply).

- 80048 Basic Metabolic Panel
- 80051 Electrolytes
- 80053 Comprehensive Metabolic Panel
- 83735 Magnesium
- 84100 Phosphorus
- 84550 Uric Acid
- 83615 LDH
- 85025 CBC w/ Platelets & Diff
- 85027 CBC w/platelets without diff
- 85014, 85018: Hemoglobin
- 86900 Type and screen
- 85060 Review of Peripheral Blood Smear
- 85730 PTT
- 85610 PT
- Urinalysis (81000-81005) and Urine Culture (87086, 87088)

Background on Stat Labs:

Effective for dates of service on or after 8/1/14, Partnership will pay fee-for-service for outpatient hospital stat laboratory codes listed below when billed by outpatient hospitals for service performed:

- between 3 p.m. and 8 a.m. Monday through Friday
- Holidays and weekends

The time must be documented in the remark section of the claims submitted for payment. If the time is not submitted in the remark section of the claims, normal Quest capitation edits will apply.
