

# Webinar: Engaging Patients in Quality Improvement

**Tuesday, March 30, 2021  
Noon – 1:15 p.m.**

The ***Engaging Patients in Quality Improvement*** webinar will introduce the concept of patient engagement in quality improvement with the goal to improve patient experience and health outcomes. Join us as we talk about how to engage patients in our quality improvement efforts.

**Participants will be able to:**

- Explain why engaging patients in quality improvement is important.
- Describe several strategies to engage patients in improvement.
- Describe aspects of care that could be improved through patient involvement.
