Partnership HealthPlan of California Responds to Passage of Congressional Bill with Huge Medicaid Cuts

FAIRFIELD – Medicaid has been the cornerstone of America’s health care promise — delivering critical services that transform lives and ensure essential health care remains within reach, from rural communities to suburban neighborhoods.

For more than 30 years, Partnership HealthPlan of California has been committed to ensuring access to quality health care for our most vulnerable community members. This week, Congress and the president made \$1 trillion in Medicaid cuts that will impact our members, along with the entire Medi-Cal program.

In Partnership’s 24 counties, Medicaid is an economic engine, helping to fuel the small business workforce with reliable health coverage, keeping emergency rooms open 24/7, and supporting nurses and doctors who choose to practice throughout our service area.

Our commitment to the members we serve remains unwavering. Partnership’s members can be assured that we are dedicated to finding solutions to maintain and support their health and the providers who care for them.

Our mission to serve California’s safety net population continues, and we will meet this challenge the same way we always have — by working together.

About Partnership HealthPlan of California: Partnership is a community-based, safety-net health care organization that contracts with the state to administer Medi-Cal benefits. Partnership provides quality care to over 900,000 Medi-Cal members. Starting in Solano County in 1994, Partnership now serves 24 Northern California counties – Butte, Colusa, Del Norte, Glenn, Humboldt, Lake, Lassen, Marin, Mendocino, Modoc, Napa, Nevada, Placer, Plumas, Shasta, Sierra, Siskiyou, Solano, Sonoma, Sutter, Tehama, Trinity, Yolo, and Yuba.
