EDUCATION & EMPLOYMENT

CaKIDS

“The California Kids Investment and Development Savings Program (CaKIDS) was launched in 2022 by the State of California with a clear mission: make it easier for more children to save for their future education.

Administered by the ScholarShare Investment Board, CaKIDS takes the initiative by automatically offering newborns and eligible low-income public school children in California an initial seed deposit, along with other potential financial incentives. This ensures that they can start their college and career savings journey right from the beginning.”
