

Pharmacy Benefit 2022: Change to Medi-Cal Rx

Starting January 1, 2022, your pharmacy benefit will be provided by the Department of Health Care Services (DHCS) instead of Partnership HealthPlan of California (PHC). Your prescription medications will be covered by Medi-Cal Rx.

Important: This does not change your Medi-Cal eligibility or benefits.

What will change?

Most likely, you will not notice a change in how you get your medication. For pharmacy services on or after January 1, 2022, most people will be able to use the same pharmacy they do now.

DHCS is working with PHC, doctors, and pharmacies to make sure they are ready to serve you. We want to reduce disruptions to your care.

If you are eligible for both Medicare and Medi-Cal, Medi-Cal Rx may cover prescriptions Medicare does not. Talk to your doctor or pharmacy if you have any questions.

Will my medication change?

Most people will not have to change medications.

If your current medication requires approval, continue working with your doctor. Your doctor may need to get approvals through Medi-Cal Rx for your prescriptions starting January 1, 2022.

Will my pharmacy change?

Most pharmacies in California will work with Medi-Cal Rx. Call the Medi-Cal Member Help Line (800) 541-5555, TTY (800) 430-7077, to ask if your pharmacy will accept Medi-Cal Rx.
