Choosing Your Primary Care Provider (PCP)

A Primary Care Provider (PCP) can be a pediatrician, a general practitioner, a family practitioner, an internist, or in some cases an OB/GYN doctor. You will receive your routine or basic care from your PCP. Your PCP will also coordinate the rest of the covered services you get as a plan member. For example, in order to see a specialist, in most cases you will need to get your PCP's approval first (this is called getting a "referral" to a specialist).

To choose a PCP you should:

1. Choose a PCP that is available from this directory. The directory provides information to help you select a PCP, such as: the name, address and phone number of all PCP's. This also includes the hours, languages spoken, affiliated hospital, and whether or not the PCP is accepting new patients.
2. Enter the PCP # (number) listed under the PCP's name in the directory in the space provided on the Selection Form. If you need help selecting a PCP, you should call our Member Services Department for assistance.

Please note that this directory is current as of the date at the bottom of each page. The provider's listing in the directory does not guarantee that the provider is still with Healthy Kids or accepting new patients.

For the most updated provider list or if you need help choosing a PCP, please call our Member Services Department.

Changing Your Primary Care Provider (PCP)

As a Healthy Kids member, we want you to be happy with the PCP you choose. You may change your PCP for any reason. However, you must request the PCP change by contacting our Member Services staff.

- In some cases, if you change your PCP you may also need to change your specialist and/or hospital.
- When changing PCP's, you should ask the new PCP if he/she will refer you to the specialist that you are currently seeing.
- To change your PCP, please call our Member Services Department. We will verify that the PCP you choose is available and also update our system to reflect your new PCP. We will also let you know when the change will take place and send you a new membership card with the name, address and phone number of your new PCP.
- Transitional care or specialized services will be arranged through your PCP.

Getting Care From a Specialist

A Specialist is a doctor who treats only certain parts of the body, certain health problems, or certain age groups. You will almost always see your PCP before you see a specialist.

Self-Referral

Below is a list of services you can get without a referral. Remember, all services (even the ones listed below) must be provided by a provider that is contracted with Healthy Kids.

- Family Planning
- Mental Health
- Vision
- Emergency Services
- OB/GYN
- Dental

Emergency Care

In case of an emergency, call 911 or go to the nearest hospital emergency room.

A medical emergency is when you believe that your health is in serious danger. A medical emergency includes severe pain, a bad injury, a serious illness or a medical problem that is quickly getting worse.

If you are not sure if you need emergency services, please call your primary care provider. They have staff available to answer your questions or get you in touch with a doctor. *Do not use a hospital for routine care that is not an emergency.*

Be sure to follow-up with your PCP right away after you receive any emergency services so that your PCP can follow-up on your emergency care.

Urgent Care

Urgent care is when there is an illness or injury that does not cause serious danger to your health, but needs to be treated fast. This care may mean you need to see your doctor that day, but you do not need to visit the emergency room.

If you have an urgent situation, call your PCP first. He/she will tell you what to do.

Out of County Services

If you are outside of your county of residence and are not sure whether your situation is an emergency or urgent care, call your PCP. If you do have an emergency, go to the nearest emergency room or call 911. Be sure to show the hospital your Healthy Kids membership card, so the hospital knows who to bill for your care.

Billed For Services

If you receive a bill for any medical care you received, please do not pay the bill. You should contact our Member Services Department right away. Our Member Services staff will make sure the provider knows that you are a Healthy Kids member and should not bill you for services that are covered and medically necessary.

Elegir un Proveedor de Atención Primaria (PCP)

Un Proveedor de Atención Primaria puede ser un pediatra, un médico general, un médico familiar, un internista o en algunos casos un médico gineco-obstetra. Usted recibirá su atención básica o de rutina de su PCP. Su PCP también coordinará el resto de los servicios que lo cubren como miembro del plan. Por ejemplo, para poder consultar a un especialista, en la mayoría de casos tendrá que tener primero la aprobación de su PCP (esto es lo que se conoce como obtener una "referencia" a un especialista).

Para elegir un médico primario usted debe:

1. Elegir un médico primario disponible, de este directorio. El directorio proporciona información para ayudarle a seleccionar un médico primario: Nombre, dirección y número de teléfono de todos los PCPs. También incluye los horarios, idiomas que se hablan, hospital afiliado y si el médico primario está aceptando nuevos pacientes o no.
2. Ingrese el número de proveedor (ID) que aparece listado abajo del nombre del médico primario (PCP) en el espacio correspondiente de la solicitud de selección. Si necesita ayuda al seleccionar su PCP, llame al Departamento de Servicios a los Miembros para obtener asistencia.

Por favor tome nota que este directorio está actualizado hasta la fecha que aparece abajo de cada pagina. La lista de los proveedores en el directorio no garantiza que el proveedor aún pertenezca a Healthy Kids, o que esté aceptando nuevos pacientes.

Si desea obtener la lista de proveedores más actualizada, o si necesita ayuda para elegir su PCP, por favor llame al Departamento de Servicios a los Miembros.

Cómo Cambiar Su Médico de Atención Primaria (PCP)

Nos interesa que como miembro de Healthy Kids usted está a gusto con el PCP que elija. Puede cambiar su PCP por cualquier motivo. Sin embargo, debe contactar al Grupo de Servicio a los Miembros para solicitar el cambio de PCP.

- En algunos casos, si cambia de médico primario también debe cambiar su especialista y/o su hospital.
- Cuando cambie su PCP debe preguntar al nuevo PCP si el/ella lo referirán al especialista que lo trata actualmente.
- Para cambiar su médico primario, por favor llame a nuestro Departamento de Servicios a los Miembros. Verificaremos que el médico primario que eligió está disponible, además de actualizar nuestro sistema para reflejar su nuevo PCP. También le hacemos saber cuándo se llevará a cabo su cambio y le enviaremos una nueva tarjeta de membresía con el nombre, dirección y número de teléfono de su nuevo PCP.
- Cuidados de transición o servicios especializados serán organizados a través de su PCP.

Cómo Obtener Cuidado de los Especialistas

Un especialista es un médico que trata únicamente algunas partes del cuerpo, algunos problemas de salud, o grupos de ciertas edades. Usted casi siempre consultará a su médico primario antes de ver a un especialista.

Autoreferencia

A continuación encontrará una lista de servicios que puede obtener sin una referencia. Recuerde que todos los servicios, aún los mencionados abajo, deben ser brindados por un proveedor contratado por Healthy Kids:

- Planificación familiar
- Salud mental
- Visión
- Servicios de emergencia
- Gineco-obstetría
- Dental

Atención de Emergencia

En caso de emergencia, llame al 911 o vaya a la sala de emergencia del hospital más cercano.

Una emergencia médica existe cuando usted cree que su salud está en serio peligro. Una emergencia médica incluye dolor severo, una lesión grave, una enfermedad seria o un problema médico que rápidamente está empeorando.

Si no está seguro de necesitar servicios de emergencia por favor llame a su Proveedor de Atención Primaria. Ellos poseen personal disponible para responder a sus preguntas o contactar a su médico. *No utilice un hospital para atención de rutina que no es una emergencia.*

Asegúrese el seguimiento con su PCP inmediatamente después de obtener cualquier servicio de emergencia para que su PCP pueda continuar con sus cuidados de emergencia.

Atención de Urgencia

Atención de urgencia es una enfermedad o lesión que no causa serio peligro para su salud, pero requiere ser tratado rápidamente. Este cuidado puede significar que usted consulte un médico ese día, pero no necesita visitar una sala de emergencias.

Si está en una situación de urgencia, llame a su PCP primero, y él/ella le dirán qué hacer.

Servicios Fuera del Condado

Si usted está fuera de su condado de residencia y no está seguro si su situación es una emergencia o un servicio de urgencia, llame a su PCP. Si usted tiene una emergencia, vaya a la sala de emergencia más cercana, o llame al 911. Asegúrese de mostrar en el hospital su tarjeta de membresía de Healthy Kids para que sepan a quién facturar por su atención.

Factura por Servicios

Si usted recibe una factura por cualquier atención médica que reciba, por favor no pague la cuenta. Debe contactar a nuestro Departamento de Servicios a los Miembros de inmediato. Nuestro equipo de Servicios al Miembro se asegurará que el proveedor esté enterado de que usted es un miembro de Healthy Kids, y no debe cobrarle los servicios que están cubiertos y son médicamente necesarios.
