

# COVID-19 Virtual Visits for Physical Therapy, Occupational Therapy, and Speech Therapy

April 16, 2020

Due to COVID-19 physical distancing requirements, providers can temporarily bill for virtual visits for services typically requiring physical evaluation such as Physical Therapy, Occupational Therapy, and Speech Therapy. Clinicians who may not independently bill for evaluation and management visits can also provide these e-visits and bill the following codes.

Please refer to the below chart for the CPT codes, which need to be used to bill for qualified non-physician health professional online assessment and management for an established patient up to seven days. This applies for dates of service from March 1, 2020 going forward.

**Please note that these claims must be billed with modifier 95.**

<b>CPT Code</b> <i>(Also covered Medicare Codes)</i>	<b>Minutes administered</b>
G2061 <i>Qualified non-physician health care professional online assessment and management, for an established patient, for up to seven days, cumulative time during the days</i>	5 – 10 minutes
G2062	11 – 20 minutes
G2063	21 minutes or more
