

Advance Health Care Directive Kit (English)

<http://www.cmanet.org/resource-library/detail.dT?item=advance-health-care-directive-kit-english>

California law provides individuals the ability to insure that their health care wishes are known and considered if they become unable to make these decisions themselves. The California Medical Association publishes an Advance Health Care Directive Kit which includes an Advance Health Care Directive form and wallet cards as well as information which answers the questions commonly asked about Advance Directive.

Update: There has been a recent change in the law regarding notary certificates that affects Advance Health Care Directives. The CMA Advance Health Care Directive Kit will now include a loose leaf insert to be used as a replacement for page 8 of the booklet. This change only applies to those purchasers who wish to have their Directive notarized.
