

Capturing Patient Acuity through Coding Webinar Session 2

**This learning session is designed to educate health teams
on appropriate coding acuity.**

Wednesday, October 8, 2025

Noon – 12:45 p.m.

[Register Here](#)

**Target Audience:
Medical directors, physicians,
coding support personnel.**

CME/CE credits available.

Learning Objectives:

- The participant will be able to identify and implement the components of an Annual Wellness Visit (AWV) or Initial Preventive Physical Examination (IPPE) as an essential part of patient care and develop strategies to address common barriers to AWV/IPPE completion.
- The participant will be able to connect AWV/IPPE completion and the impact on Hierarchical Condition Categories scores and the Medicare Advantage patient.
- The participant will be able to relate the role of AWV/IPPEs in the management of chronic disease.

***The AAFP has reviewed Capturing Patient Acuity through Coding Webinar Series and deemed it acceptable for AAFP credit. Term of approval is from 02/19/2025 to 02/19/2026.
